Investment Process

- Screen broad universe of approximately 2,000 small cap stocks based upon:
 - Credit worthiness
 - Capital investment
 - Sales momentum
- Approximately 600 companies evaluated by focusing on:
 - Life Cycle stage
 - Level, trend and sustainability of economic return
- Yields a potential buy list of approximately 200 firms that we believe are well managed
- A portfolio is constructed after target prices are established and relative attractiveness is considered
- Dual diversification by Life Cycle stage and sector are integral to portfolio construction

Diversification does not assure a profit or protect from loss in declining markets.
